Sir,

Proposal for appointment of Resident Commissioner for Mysore in New Delhi.

I am directed to state that the Government of Mysore have had under their consideration for some time past the question of appointing an officer of a sufficiently high status to act as their representative at the headquarters of the Government of India with a view to maintaining adequate liaison between this Government and the Government of India. With the lapse of Paramountcy and the accession of the State to the Dominion of India, the need for establishing and maintaining liaison between this Government and the various departments of the Government of India has become both obvious and urgent, and the arrangement for liaison proposed above, it is hoped, would be welcome to the Government of India as it would be in the interests of prompt and satisfactory despatch of business between the two Governments which is increasing in importance and volume. The Government of Mysore have therefore decided to appoint a fully authorised representative to be known as "Resident Commissioner for Mysore ~~at New Delhi~~". His function will be to provide information, to elicit replies and to secure co-operation by maintaining close contact with the various departments of the Government of India and by assisting them in the disposal of the various questions arising between the two Governments.

Before taking steps to set up this new office of the Mysore Government at New Delhi, I am to apprise the Government of India of the proposal and
